APRIL 28 RANGE CLOSURES

Due to the 4-H District III Rifle and Pistol Match the rifle and pistol ranges will be closed for all other activities. The match will be held from 7:00 am to 5:00 pm. One hundred youth from ten counties will be competing on various Rifle and Pistol ranges for the coveted Top Gun Belt Buckle. The event is the culmination of one year of training with both the Pistol and Rifle. The Shotgun Ranges will be open for limited activity. We apologize for any inconvenience this may cause the members of the Northwest Texas Field and Stream Association.

GUN CLUB: Lamberth reported on a Rotary Shoot with 100 + to participate. Jones stated 16 with 8 new youth in the 4-H Shotgun classes. The 4-H District III Shotgun Competition is May 19. **WE WILL NEED VOLUNTEERS.**
RIFLE CLUB: Bohuslav said Roy Woodman shot a 470 and was the only one to beat Charisma Owen. **PISTOL CLUB:** Yost reported that they had the first practice match. They had a strong turnout with about 25. The new season starts March 27th. They are looking at a possible day league. Four traveled to Amarillo for the NRA Sectional Match. Charisma was the only junior there. Kroes won Marksman class but Charisma beat him in rapid fire by 3 points. **GUN SHOW:** Johnson said the Gun Show will be April 7 & 8th. They needed someone for the 1-3 shift on Saturday but got it filled at the meeting. **ARCHERY:** No report. **SAFETY:** No report. **NEW BUSINESS:** Kroes noted that Johnson had put a foundation in for the flag pole. The auger that was donated has now been attached safely and out of the way. Yost asked for

approval of \$350.00 for turning targets. Johnson seconded and the motion was approved. Johnson asked for approval of up to \$450.00 for ammo from the Federal Cartridge Promo we do every year. Bohuslav seconded and the motion was approved. Boedeker stated that this is our 90th year and would like to do some sort of open house. Possibly in June. We would have an open range, serve food and hopefully get some new members. The suggestion was made that we allow members to bring a guest. This would be in place of National Hunting and Fishing Day. We would have various events set up and publicity to get it out there. Yost noted that we would need advance advertising. Johnson suggested we try to get some freebies to give out. Boedeker said that he would get with Brian Davis. Yost reported on the Friends of the NRA meeting on the 15th. The banquet will be Sept. 14th at the Shriner's Hall. He will be selling tickets for the raffles as well as Mary Owen's 4-H kids. Boedeker said we've had issues with late submissions for the newsletter in

RIFLE CLUB

March Rifle Match: It was a very nice day for the nine competitors who showed up to see if they could beat Charisma Owen. Roy Woodman was the only shooter who did! Brian Davis shot a good 425 2X, but Charisma still beat him. Rosa Weaver came out to practice along with Bill Johnson, who hasn't shot with us for awhile either. Robert Davis cut his day short and proceeded to coach Rosa through the match. Mark Johnson edged Bohuslav

as he came totally unprepared to compete. 4-H rifle-pistol safety classes are over, but we are concentrating on training sessions for those who will compete in our 3P meet coming up soon. We are also doing practice days for our junior rifle participants.

SOMETHING FISHY ON THE MENU

Earlier this month, game wardens wrapped up an investigation into a Bastrop restaurant illegally selling white bass caught in public waters in Lee County. The subjects first denied selling the fish, but when confronted with their "fresh fish for sale" posting on Facebook, along with photos of the fish, they quickly changed their story and confessed. Seventy-seven white bass were seized and citation were issued.

DISTRICT III RIFLE AND PISTOL TOURNAMENT

NWTF has hosted the annual 4-H District III Rifle and Pistol Tournament for nearly 20 years. We are proud to run a very competitive and smooth operation for nearly 100 shooters and the 200 or so coaches, staff, parents and observers. Ours is multifaceted with with two disciplines, three age groups, individual

aggregate and team awards. And our NWTFS cooks provide lunch for all the participants. **MANDATORY Safety for all participants at 8:30 am.** The firing begins simultaneously at 9 am on three ranges with all three age groups. IF YOU WISH TO VOLUNTEER FOR SCORING, RANGE PREPARATION, SAFETY MONITORING OR OTHER TASKS PLEASE CONTACT US AT THE OFFICE AT 940-692-1141, EMAIL THE OFFICE OR LEAVE A VOICE MAIL. We need a lot of safety monitors early in the day. Their primary duty is to make sure all barrels stay pointed down range during firing.

WE WILL ALSO NEED LOTS OF VOLUNTEER FOR THE 4-H SHOTGUN MATCH IN MAY.

**OKLAHOMA TURKEY NO.S
SIMILAR TO LAST YEAR.**

Field Reports Suggest Spring Turkey Numbers Similar to Last Year. Oklahoma's 2018 spring turkey hunting season will start a half-hour before sunrise April 6 in all areas of the state except the Southeast Region. The season will run through May 6. In the eight-county Southeast Region, youth spring turkey season will be April 21-22, and the regional turkey season will be April 23 to May 6. Based on field reports submitted in the past few days by Oklahoma Department of Wildlife Conservation personnel, habitat conditions vary from west to east, and bird numbers should be comparable to last season. The timing of spring breeding activities for Oklahoma's wild turkeys seems to be running about normal. Southwest Region—Current Gobbler Activity: Turkey began to move into their early spring pattern about March 15. Smaller groups are making their way toward traditional breeding grounds, with birds also being seen in new areas. Continuing drought conditions across western counties may

be pushing birds a bit farther from winter roosts in search of better forage. Gobble activity is steadily increasing and will be in full swing for opening day. Condition of Habitat: Dry weather has returned with significant effects on habitat, though recent light rains would allow quick green-up. Overall cover will be thinner than in the previous few years. Winter wheat varies from poor to fair. Best Tips: Hunters should put as much time as possible into scouting. Historic areas may have shifted slightly due to drought, fire and ice storm impacts on roost sites and habitat. Patience and willingness to adapt will be helpful. As always, use the bird's natural behavior to plan your approach and tactics. Usual early and late-hour hunting will be productive, though midday patterns may also provide opportunity. Biggest Mistakes: Failure to scout is often the biggest mistake that hunters make. Not everyone is a champion turkey caller, but willingness to adapt methods and learn from others

may be helpful. Avoid overcalling. Listening to bird's normal activities and working your way into the system is more productive than blasting away with every call in your arsenal.

**COMMISSION APPROVES
CHANGES TO FISHING
REGULATIONS FOR 2018-19**

The Texas Parks and Wildlife Commission adopted a suite of changes to this year's fishing regulations that includes standardizing harvest regulations for largemouth bass to the statewide limits at 12 lakes and increasing the daily bag limit for commercial and recreational take of king mackerel from two to three. The Commission adopted the following changes to the 2018-19 Statewide Recreational and Commercial Fishing Proclamations, the details of which will be incorporated into this year's Texas Parks and Wildlife Department Outdoor Annual: Change from 16-inch minimum length limit to a 14-inch minimum length limit. Daily bag will remain at five fish. Lake Granbury (Hood), Possum Kingdom Reservoir (Palo Pinto) & Lake Ratcliff (Houston).

MARY OWEN, DIANA BOHUSLAV, AND RICHARD WEARTH WERE VOTED IN AS NWTFS DIRECTORS IN 2014 AND ARE STILL SERVING. IF YOU WOULD BE INTERESTED IN BEING A DIRECTOR COME TO THE BUSINESS MEETING THE 4TH THURSDAY OF EACH MONTH.

FINAL LEGACY CLASS SHARELUNKER OF 2018

Sam Rayburn Reservoir produced the final Toyota ShareLunker Legacy Class largemouth bass entry with just hours left in the 2018 donation season March 31. Angler Stacy Spriggs of Huntsville caught the 13.06 pound, 27 inch Legacy Class lunker during the Second Annual Stanley Burgay Memorial Bass Tournament on a Carolina rig in 8 feet of water. “When I set the hook I knew it was a big fish—but I didn’t know how big,” Spriggs said. “It never crossed my mind that it was a ShareLunker until we got to the (tournament) scale. When they put her on the scale and she weighed over 13 pounds I was shocked. This is way bigger than anything I’ve ever caught before.” An avid tournament angler, Spriggs said her previous biggest fish was a 9.71 pound bass caught in another tournament the

weekend before. Spriggs said ShareLunker 576 meets a goal she set since she began fishing nearly 8 years ago—to catch a double digit bass at her home lake. “We have a lakehouse on Sam Rayburn and fish the lake 90% of the time,” Spriggs said. “Neither my boyfriend or I had ever caught a double digit on Same Rayburn. It did it by three pounds—it was pretty crazy.”

RUNNING “AFOWL” OF THE LAW

A state trooper conducting a traffic stop in Archer County recently suspected something was “afowl” with a subject transporting live game birds, and reached out to a state game warden. The subject had given the trooper a confused explanation as to where he was coming from and where he was going. After arriving at the scene, the warden began interviewing the subject and learned he had obtained the game birds from a game bird breeder in Jack County. The warden then contacted a Jack County game warden, who let him know that the game bird breeder in question had not

held a valid license sine 2015. Multiple game bird breeding citations were issued to the breeder and the transporter for various violations, along with the trooper’s citation. The cases are pending.

LET’S MAKE A BOAT DEAL

A boat dealer in the Waco area alerted game wardens that a car dealer in Robinson was selling boats without a marine dealer license. A warden located the car dealership late on a Saturday night and recorded three boats, motors and trailers on the lot. After checking the history of the vessels through different databases and resources, the warden returned to the dealership during business hours. He noticed a pontoon boat he had observed previously was missing and asked about it. The owner proudly stated he had sold it, adding that the vessel was there on consignment. The car dealer asked if there was a problem, to which the warden replied that there was not problem, but he needed to see their marine dealer license. The owner said

he did not need a license since it was there on consignment. The warden then asked to see the audit trail of the boat and found out the owner traded it to the car dealer for a tractor and the car dealer then sold it for \$17,000. After making it clear the dealer was in violation of failure to have a marine dealer license, the warden assisted him in the application process. A follow-up with revealed the application was approved and the case was resolved with compliance.

PUTTING OUT THE CAT

Game wardens in northeast Texas were recently patrolling at night while four separate predator hunting tournaments were taking place simultaneously in surrounding counties. Using a twist on the “Bucky the deer decoy” setup wardens have relied on for years to catch road hunters, they put out a bobcat decoy. It didn’t take long before a tournament participant came along and shot the decoy with a rifle from a public roadway. Multiple cases are pending.

CROSSING THE LINE

While patrolling the Rio Grande upriver from Laredo on March 23, game wardens observed multiple limb lines

And jug lines set from the U. S bank. Further investigations revealed fresh bait on the hooks and a 20-pound blue catfish caught on one of the jug lines. None of the limb lines or jug lines had a valid gear tag affixed. Patrol efforts continued upriver where the wardens discovered about 200-feet of illegal gill net tied to the U. S. Bank, and stretched to an underwater tree limb in the middle of the river. The gill net yielded multiple fish. The gill net, limb lines and jug lines set out were not accompanied by any fisherman at the time of detection nor did any contacts along the river that day connected any fisherman to the illegal devices. All illegal fishing devices were seized, removed from the river, and the fish were donated to a family in need in Laredo.
